

MADE IN THE USA

ENERGIZER

The go-to foliar supplement for any crop that needs a boost. ENERGIZER can fix late stage nutrient deficiencies and helps break through yield barriers by increasing reproductive growth. ENERGIZER improves the energy calculation (NEL) in forage, as well as test weight, density, blossom set, fruit/kernel set and pollination. It also has contact fungicidal properties.

CROP TYPES: All crop varieties.

APPLICATION

Apply to forages or grain crops in-furrow, burn down, spray early or late season. **2 - 4 quarts per acre minimum.** For best results, use in conjunction with *CORNERSTONE* product.

CONTAINS

Complete mineral spectrum plus high power phosphorus

BENEFITS

- Promotes better forage quality
- Promotes better grain quality
- Low cost energetic nutrient catalyst
- Great for late season areas that need a boost
- Immediately available – ionic form

ENERGIZER

0-9-0

Commercial Liquid Fertilizer

BULK

GUARANTEED ANALYSIS:

Available Phosphate (P_2O_5)..... 9%

Derived from Phosphoric Acid.

DENSITY: 10 pounds per gallon at 68° F.

Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. Always jar test before application. (Safe for aerial applications by certified aerial applicators within the state of application)

Precautions should be taken to prevent eye contact and minimize skin contact.

Wear protective gloves and eye protection. Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. Handle this product properly. To assure optimum quality and performance: use clean, dry and well-maintained equipment.

CAUTION: To avoid the formation of insoluble precipitates, do not mix with phosphate or sulfate containing materials.

There are no implied warranties of merchantability or fitness with respect to these products, nor are there any expressed warranties other than as may be contained in any guaranteed analysis that may accompany the product. Buyer assumes all risk to person and property in the use, handling or storage of the product. Seller's liability is limited to the full amount of the purchase price, with the waiver of any incidental or consequential damages being an expressed provision of this sale.
